MARISSA STALLER

JAVA DEVELOPER/ WEBSITE DESIGNER/(317) 997-1825

SUMMARY

Experienced middle and high school science teacher beginning a new career in Java and software development. Always a STEM enthusiast and proud life-long learner, I am now seeking a rewarding career in technology to build software and websites. I enjoy working collaboratively within a team of dedicated, passionate people towards the same goals.

EDUCATION

Eleven Fifty Academy, Accelerated Learning Program, Java (2016), Learning Award

California State University, Northridge, Masters in Science Education (2012)

UCLA, TeachLA University Intern Program (2004)

Carnegie Mellon University, Dual Degree B.S. 2002

SKILLS SUMMARY

Java	**Bootstrap**	**Sequel**	**Heroku**
HTML5	**JavaScript**	**Git/Github**	**Maven/Gradle**
CSS3	**jQuery**	**Spring Framework & MVC**	**Agile/Scrum**

KEY PROJECTS

SHOPPING LISTS WEB APPLICATION

Worked in a team as project manager to help build a shopping lists web application in which users could create, update, and delete shopping lists of different types. **Java, Spring MVC, HTML, Agile/Scrum, Jira**

CUSTOMERS RELATIONSHIP MANAGEMENT APP

This app dealt with social interactions between users. This was a social media app, and included several advanced functionalities. Please see my portfolio for more details. **Java, Spring MVC, HTML**

Lego DUPLO Mock-up Website

This site was designed to imitate Lego Duplo's Product website. This was my first-time coding in HTML and CSS, and was an exhilarating learning experience.

PREVIOUS EXPERIENCE

HIGH SCHOOL SCIENCE TEACHER (2011-2014)

Taught high school biology in El Salvador and Westfield, Indiana. Took students on multiple field trips to build a love of science.

MIDDLE SCHOOL SCIENCE TEACHER (2003-2011)

Taught 7th grade life science and 8th grade physical science for eight years for Los Angeles Unified School District. Served as science department chair, steering committee member, and 'favorite teacher'. Encouraged students to explore careers in STEM with a career learning project.
